

Even-Pay Program

Enrollment Period: February through September

Our Even-Pay Program may be a helpful tool for you to more easily and conveniently budget for your electric costs by eliminating some of the highs and lows in your monthly bills.

The Even-Pay option allows you to pay an even amount on your electric bill for eleven months and then “true-up” your account by bringing the balance to zero on the twelfth month.

You are eligible for Even-Pay if you’ve lived at the same address for at least twelve months and meet the credit criteria.

YES! I’d like to participate in Lane Electric’s Even-Pay Program.

Name: _____

Address: _____

City, St., Zip: _____

Phone #: _____
